

NATIONAL ANTHEM OF LIBERIA

*All hail, Liberia, hail! All hail!
All hail, Liberia, hail! All hail!
This glorious land of liberty
shall long be ours.
Though new her name,
Green be her fame,
And mighty be her powers,
Though new her name,
Green be her fame,
And mighty be her powers.
And mighty be her powers,
And mighty be her powers.*

*In joy and gladness
With our hearts united
We'll shout the freedom
Of a race benighted
Long live Liberia, happy land!
A home of glorious liberty
By God's command!
A home of glorious liberty,
By God's command!*

*All hail, Liberia, hail! All hail!
All hail, Liberia, hail! All hail!
In union strong success is sure
We cannot fail!
With God above
Our rights to prove
We will o'er all prevail!
With God above
Our rights to prove
We will o'er all prevail!
We will o'er all prevail!
We will o'er all prevail!*

*With heart and hand
Our country's cause defending
We'll meet the foe
With valour unpretending.
Long live Liberia, happy land!
A home of glorious liberty
By God's command!
A home of glorious liberty,
By God's command!*

His Excellency Joseph Nyuma Boakai, Sr.
(Honorary Fellow)
President of the Republic of Liberia

Hon. Louise Mapleh Kpoto, MD, MPH, FWACS, PhD
Minister of Health, Republic of Liberia

HISTORY OF THE COLLEGE

Prior to the 1990 civil war, Liberia had developed a vibrant medical education system that attracted students from throughout West Africa and produced excellent clinicians and academicians. Among the most profoundly negative and long lasting impacts of the Liberian civil war (1990-2003), was the decimation of the country's educational and health systems.

Health data in 2012 revealed that there were approximately two hundred fifteen (215) registered and licensed physicians in the country. Of those registered physicians, one hundred and forty-four (144) were Liberian doctors and less than fifteen (15) were specialized clinical physicians. Undoubtedly, this severe shortage of specialist physicians prevents the Government of Liberia (GoL), through the Ministry of Health (MoH), from meeting its global human resources for health index and particularly for specialist physicians as enshrined in the 10-Year National Health Policy Plan for 2011-2021. This shortage of specialist physicians continues to severely limit access to advanced healthcare for the country's 4 million plus inhabitants.

In response to the country's critical shortage of physicians and surgeons, on 22nd May 2012 the National Legislature passed the Act establishing the Liberian College of Physicians and Surgeons (LCPS). Later that year, a technical working group set up by the then Minister of Health, Dr. Walter T. Gwenigale and headed by the then Chief Medical Officer of the Republic of Liberia, Dr. Bernice T. Dahn, visited Accra Ghana, to under study the Ghanaian model of post graduate medical residency training.

On 30th September 2013, the College was launched by former Vice President, Ambassador Joseph Nyuma Boakai, with Dr. Roseda E. Marshall as the first President and Chairperson of the Post-Graduate Medical Council, and Dr. Stephen B. Kennedy as Secretary General.

Post graduate training in the four core medical disciplines of Internal Medicine, Surgery, Obstetrics and Gynecology and Pediatrics commenced in October of 2013 with a cohort of 19 first year residents. The training was however suspended between September 2014 and June 2015 as a result of the Ebola crisis, during which a faculty member in the Department of Internal Medicine and a resident in the Department of OB/GYN fell victim to the scourge of the deadly disease. Training was restarted in July 2015. In September 2017, the College graduated its first cohort of 13 medical and surgical specialists who were inducted into Membership of the Liberia College of Physicians and Surgeons. Subsequently, Faculties of Family Medicine (2017), Ophthalmology (2018) and Psychiatry (2019) were launched and commenced training. The residency program has continued since with this 7th cohort bringing the number of LCPS trained medical and surgical specialists to 125.

EXECUTIVE MEMBERS

Prof. John K. Mulbah, MD, CES, FLCS, FWACS
President

Dr. Sia Wata Camanor

The John Fitzgerald Kennedy Medical Center

JFKMC Overview

The John Fitzgerald Kennedy Medical Center (JFKMC) is Liberia's premier tertiary, referral and teaching hospital. JFKMC as it is widely known, was named in honor of the United States of America's 35th President, John Fitzgerald Kennedy.

Opened in 1971, The Medical Center is one of the two tertiary care institutions in the Liberia and is comprised of four (4) components including the E.S Grant Mental Health & Rehabilitation Hospital, JFK Memorial Hospital, Liberian-Japanese Maternity Hospital (LJMH) and the Tubman National Institute of Medical Arts (TNIMA).

The Medical Center has thirty-nine (39) Specialist and Consultant Doctors.

Workforce

936 Workforce

370 Nursing Staff

31 Midwives

39 Specialists & Consultants

14 Pharmacists

CLINICAL SERVICES:
Plethora of Medical Specialties to include:

- Urology & Neuro-Surgery
- General & Orthopedic Surgery
- Radiology
- Pathology & Laboratory Services
- Psychiatry
- Cardiology
- Nephrology
- Infectious Disease
- Endocrinology
- Obstetrics and Gynecology
- Ophthalmology
- General Pediatrics
- Neonatology, & Physiotherapy
- 14 Operating Theaters
